

AIR MEN DASHED TO DEATH

Fatalities at Chicago
Aviation Meet Mar
Days Program

ONE DROPS INTO LAKE

St Croix Johnstone, Brother of
Denver Victim, Is Killed—Wm.
R. Badger Is Second Victim.

Chicago, Aug. 16.—Despite yesterday's fatal accident in which St. Croix Johnstone of the Moisant school of fliers, and William R. Badger of the Baldwin team, met death, the management of the Chicago aviation meet announced today that the tournament would be continued. The other aviators apparently are unshaken by the death of the two young fliers, and declare they will continue the flights for the big purses offered by the meet.

Chicago, Aug. 16.—Two aviators, William R. Badger of Pittsburgh, and St. Croix Johnstone of Chicago, both young men, lost their lives at the international aviation meet here yesterday.

In dying, both revealed the frailty of the craft in which two score more aviators were curving and gliding about the air with scarcely a pause for the deaths of their contemporaries.

Death in both instances were due to unexplained accidents, probably the results of unsuspected defects in the mechanism of the machines and was in no way caused by carelessness or lack of responsibility of driver. Badger, a wealthy youth, careered to his death in a pit in the aviation field. There had been a flaw in one of the wings of the propeller of the Baldwin machine he drove. Centrifugal force broke the propeller, upsetting the delicate equilibrium of the machine and Badger pitched 100 feet to the bottom of the pit. His neck was broken.

Johnstone fell 500 feet under his engine and was drowned as the result of an equally unsuspected defect. Caught under the heavy engine of the Moisant monoplane he was carried deep into Lake Michigan and his body was not brought to the surface until an hour later. Aviator Robinson says he was not more than 100 yards from Johnstone when the latter's engine exploded.

"I started for him, but the engine dropped through the frame of the plane, the planes folded up and in 30 seconds Johnstone and his machine were under water. He seemed to try to dive from the wreckage, but was unable to free himself. Although I hovered over the spot where he disappeared his body did not come to the surface. The engine sank into the water, but one corner of the biplane remained near the surface."

Johnstone was a son of Dr. Stuart Johnstone. He learned to fly at the Blierot school in France and within a month after securing his aviator's license he made a remarkable flight over Havana.

Badger lived over three-quarters of an hour after he had been extricated from the remains of his engine. He did not recover consciousness and died almost at once after he had reached the hospital. His death was the first serious accident of the meet, although 35 flyers have dipped and glided for three days and experts say several similar accidents have been narrowly averted.

Badger flew as he formerly drove racing automobiles, purely as an amateur. He was the stepson of John Gottman of Pittsburgh and was 25 years old. He possessed an independent fortune and gratified a well-developed speed mania. In the early days of automobiles he was among the first to make amateur records at Daytona and Palm Beach. He was an intimate of Louis Strang, the automobile driver who died beneath the engine of an automobile in Wisconsin a month ago.

Through Strang Badger became interested in aeroplanes and then became an amateur aviator. The meet here which began last Sunday, was Badger's first public appearance.

The big mechanical signboard, after his death, recorded that he had flown up to today, just two hours, 13 minutes and 19 seconds. The flight that ended his life had earned him possibly an hour more when he fell. He fell just in front of the center (Continued on Page 8, Col. 1.)

YOUTHS MAKE GOOD ESCAPE

Peoria, Ill., Aug. 16.—After threatening two cell mates with death if they gave the alarm, Robert Palmer, 15, and John Devitt, 18, held for robbery, today dug their way through a twelve-inch brick wall with a spoon and escaped.

DEMOCRATIC CLUB TO MEET FRIDAY NIGHT

There will be a special meeting of the Licking Democratic Club Friday evening at 7:30 o'clock. All Democrats of the city, who are interested in the Democratic party and want to see it succeed, are urged to be present at this meeting.

CONGRESSIONAL TIME TABLE

Washington, Aug. 16.—The congressional time table for the present session to date follows:

House met 80 days.
Senate met 78 days.
House in session 375 hours, 58 minutes.
Senate in session 317 hours, 26 minutes.

During last week:
House met 6 days.
Senate met 6 days.
House in session 24 hours, 19 minutes.
Senate in session 25 hours, 46 minutes.

Senate passed statehood bill. Measure vetoed by President.
Senate finance committee reported cotton bill adversely.

House and Senate committees agreed on wool bill; disagreed on free list bill.
Anglo-American and Franco-American arbitration treaties adopted and reported to the Senate.
House continued Wiley and Steel Trust investigations.

BLOODHOUNDS USED TO FIND WRECK VICTIMS

Ft. Wayne, Ind., Aug. 16.—A pair of bloodhounds was used yesterday to scent the location in the mass of wreckage from the Pennsylvania flyer, of the bodies of Engineer Ira Burger and Fireman James Wilson. The body of Burger was found first and that of Wilson late this afternoon under the combination baggage car.

The use of the bloodhounds in locating the bodies was novel.
Engineer Patrick Malone, held responsible by the road officials for the wreck because he was running 60 miles an hour, when 10 miles was the rule, shows improvement and may recover.

BRIDE-TO-BE OF COL. ASTOR HAS BROKEN DOWN

New York, Aug. 16.—Insisting that the indisposition of Miss Madeleine Force, the 19-year-old girl who is to marry Col. John Jacob Astor, is not serious, members of the family today refused to make any public statement regarding the nature of her illness.

From other sources, however, it was learned that she is suffering from a bad attack of nerves resulting from the attacks made upon her proposed marriage to a man almost as old as her father.

While the family made an effort to keep the knowledge of the attacks from her, they failed. Since the announcement of her engagement on Aug. 1, Miss Force has been very much in the limelight. Both in this city and at Newport she has been the center of a round of entertainment which told on her and yesterday she returned to her home here when she was extremely nervous. The family physician prescribed complete rest for a few days.

MORGAN SILENT ON ARRIVAL AT NEW YORK TODAY

New York, Aug. 16.—More reticent than ever, if such a thing is possible, J. P. Morgan returned to this city on the steamship Olympic this morning. From the moment the giant Leviathan reached the quarantine station until he disembarked, the big financier was carefully guarded from intrusion, and strong armed stewards announced that "Mr. Morgan has nothing to say." After he left the boat and made his way to his private yacht, Morgan ignored every question put to him by the horde of would-be interviewers and when one of them recovered a gold-headed cane which he had dropped, Morgan accepted it with a scowl, but not a word of thanks.

Prices paid to Argentine cattle raisers have been rising steadily for the last 25 years.

FREE LIST AND COTTON TARIFF BILLS

Cause of a Democratic Caucus For Agreement With the Insurgent Republicans.

Washington, D. C., Aug. 16.—With the legislative situation badly muddled the Democrats of the senate today went into a caucus in an effort to determine a course of action on the cotton tariff bill and the fixing of a date for adjournment.

The Underwood compromise wool bill passed by the senate last night, took its way to the president today and it is probable that the veto message on the measure will be sent to Congress by Friday, when the house will endeavor to pass it over the veto.

Meantime the free list bill and the cotton bill are worrying the legislators. The insurgent Republicans in the senate are clamoring for a vote on the cotton bill and when the Democrats went into caucus today they were inclined to grant it, providing the debate on the measure could be limited.

The opinion was expressed about the capitol today that the house will accept the free list bill as it comes from the senate. This would mean that lemons would continue on the dutiable list.

WOOL TARIFF BILL PASSED BY SENATE

Vote is 38 to 28, and the Measure Now Goes to Taft for Expected Veto.

Washington, Aug. 16.—The senate by a vote of 38 to 28 last night adopted the conference report on the wool tariff revision bill, already adopted by the house. The bill will now go to the White House for the expected vote of President Taft.

The vote came after a vigorous five hours' debate on the merits of the bill. It was a victory for the combined Democratic and insurgent Republican forces against the regular Republicans. Only two progressive Republicans, Senators Borah of Idaho and Bourne of Oregon, united with the regulars in the vote against the bill. The bill as passed by the two houses places a flat ad valorem duty of 29 per cent on all raw wool and proportionate rates on woolen manufactures.

The house is ready to act upon the wool bill in case the president vetoes it, and to act upon the free list bill as soon as the senate takes another vote on that measure.

It was stated by house leaders that the free list bill probably will be accepted by the house as the senate passes it without request for another conference. In this event it is expected that both the wool bill and the free list bill will be before the president by Friday.

The house will be ready to attempt the passage of these bills over a presidential veto as soon as they come back from the White House. The insurgent Republicans in the senate are making strenuous demands for the passage of the cotton measure and many Democrats are inclined to concede the demand. The house program, on the other hand, apparently does not at present contemplate further action on that bill, unless the president should approve either the wool or the free list bill. If he does both the house will be ready to dissolve and leave further tariff legislation until December.

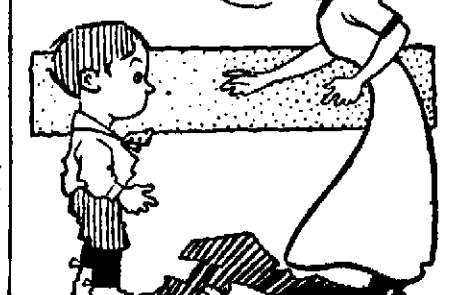

Many Democrats in the senate who joined with the insurgents in the desire for action on the cotton bill are not so willing to join them in adding the Cummins steel and iron tariff revision, and the Bristol sugar tariff bill to the list of measures. The principal question before the caucus probably will be that of deciding whether the Democrats shall support amendments to the cotton bill.

Bellaire, O.—Ten year old Mary Fitch of Gravel Hill, may lose a finger, which was caught and crushed in the handle of an old fashioned pump. Another child pulled the pump handle down.

Springfield, Mass., August 16.—"Handsome Jack" Geraghty and his bride, who was Miss Julia Estelle French, daughter of Mr. and Mrs. Amos French of Springfield, are thinking of making Springfield their home, but have not reached a final decision. It is probable the bridegroom will return to Newport in a few days to attend to some business, but he has not announced whether or not his bride will go with him. He expressed a doubt that any attempt

What part of a watch?
Answer to Tuesday's puzzle—Gill.

ASHBROOK'S BILL FOR NEWARK'S NEW POSTOFFICE SITE PASSES THE HOUSE

As announced by the Advocate a few days ago, Congressman Ashbrook is making rapid progress in his effort to have a bill passed at this session of Congress, providing for a new postoffice site for Newark. The following telegram from Mr. Ashbrook to the Advocate explains itself:

Washington, D. C., Aug. 16.—The House passed my bill authorizing the secretary of the treasury to dispose of the Sherwood site and to acquire a new site, late yesterday afternoon. I hope to get this bill through the senate before we adjourn.

WILLIAM A. ASHBROOK.

As a resolution has been introduced for the adjournment of the present session on August 22, it would appear that the time Mr. Ashbrook has to get his bill through the senate is very limited, but no member of Congress of either party would be more likely than he to accomplish such a success within the time limit.

STRIKING WOMEN MAKE AN APPEAL TO AMERICA

London, Aug. 16.—In behalf of 12,000 women workers of South London, who are on strike in a fight for a living wage, May R. MacArthur, secretary of the Women's Trades Union League, made an appeal today through the America Press to the workers of America to help the cause of the struggling women of London in their struggle for bread.

"We are striking for a living wage," said Miss MacArthur. "Our war chest is empty and during the best times in trades in which women are engaged, the bread line is never far distant. We have crossed the line and we are hungry. We appeal to the workers in America to help us."

GAS KILLS HEIRESS.

Chicago, Aug. 16.—Mrs. Mabel Nemir, aged 35 years, said to have been a daughter of John Muir, a wealthy busi-

ness man of Phoenix, Ariz., was asphyxiated by gas in a rooming house yesterday under circumstances which led the police to believe she committed suicide. She was separated from her husband.

"There is nothing for us in going back to work. If we are ever to gain a wage by which we can keep body and soul together, it must be now. If we are to have hours that will permit us to earn our livelihood and still care for our homes, our opportunity is at hand. We have fought hunger while we worked and we are willing to fight hunger as we are idle, but thousands are on the verge of starvation. Our only chance of help is from America. The men in England have a far greater burden than even they can carry in their fight for improved conditions and better wages. Many of our women are on strike in one union, while their husbands have been called out in another."

NEWPORT CHAUFFEUR AND HIS SOCIETY BRIDE, WITH WHOM HE ELOPED; GERAGHTY'S HACKMAN FATHER AND HIS TWO SISTERS

Springfield, Mass., August 16.—"Handsome Jack" Geraghty and his bride, who was Miss Julia Estelle French, daughter of Mr. and Mrs. Amos French of Springfield, are thinking of making Springfield their home, but have not reached a final decision. It is probable the bridegroom will return to Newport in a few days to attend to some business, but he has not announced whether or not his bride will go with him. He expressed a doubt that any attempt

would be made to annul their marriage, but added: "Whenever there is any possibility of annulment we will be married in some state other than Connecticut, where there can be no question of the legality of the ceremony. You may count on that." Newport society folk are greatly worked up over the elopement of the young heiress with the good looking chauffeur, whose father is a hack driver in Newport, R. I.

Newport, R. I., Aug. 16.—John Geraghty, father of Jack Geraghty, who eloped with Julia Estelle French, says he will probably have to move to some other city to pursue his vocation because of the fact that he can no longer obtain his usual amount of business. He says passengers are avoiding the use of his carriage because of the notoriety attaching to him since his son eloped with Miss French. Jack Geraghty's sisters Alice and Amelia state that they know brother Jack will make his society father bride a faithful husband.

CANTON WILL HAVE REAL AIR SHIP TOURNEY

Canton, O., Aug. 16.—The first international aviation meet in Ohio will be held here Sept. 27, 28 and 29, in the neighborhood of \$50,000 will be expended. The aviators now participating in the Chicago meet will be featured in this gathering.

In addition at least three women pilots will drive monoplane in the speed contests. Both the Wright and Curtiss forces will actively co-operate with the management in this undertaking.

Canton is the home of the Aero Club of America, a pioneer organization in aeronautics, and one of the greatest balloon cities of the world. For this reason, it was preferred as the location for the second international meeting in America. The affair will be under the auspices of the Aero Club of Ohio.

COL. BRYAN IS SATISFIED

To Have His Policies Used, Without Seeking Presidency Again.

Georgetown, Ohio, August 16.—Without hesitation Wm. J. Bryan set at rest yesterday while closing his address before a Chautauqua audience, the impression that he would again seek the presidential nomination from the Democratic party. Mr. Bryan added that there was no necessity for him doing this, when he had the pleasure of seeing one Republican president endorse his initiative and referendum policy and another advertising his policy for an income tax.

COUNTY OPTION TO BE TRIED IN OLD KENTUCKY

Louisville, Ky., Aug. 16.—The state of Kentucky now seems to want to try the experiment of county option to settle the temperance agitation that has sprung up in both political parties. The question was up for discussion at the Democratic state convention here yesterday. By a vote of 607 to 514 a county option plank was carried over a local option plank offered by Henri Watterson. Much confusion and disorder prevailed.

NEWPORT CHAUFFEUR AND HIS SOCIETY BRIDE, WITH WHOM HE ELOPED; GERAGHTY'S HACKMAN FATHER AND HIS TWO SISTERS

LIVERPOOL ON VERGE OF FAMINE

Flour Mills and Bakeries
Close Down Because
of Strike

GRAIN IS EXHAUSTED

Not Enough Flour to Last Two
Days—Dramatic Scene in
House of Commons.

Liverpool, Aug. 16.—Flour mill owners and bakers seemed on the city authorities today that they cannot longer supply flour or bread because of the strike conditions. The supply of coal and grain is exhausted and with the closing of the mills the bakers' ovens will remain cold tonight. There is not enough flour in the city to last two days and if the railroad strike is declared tonight there will be small chance of getting more. The city is on the verge of a famine. Butter, eggs and milk are not to be had.

DEMAND INVESTIGATION.

London, Aug. 16.—Lancaster bordering on pandemonium broke loose in the house of commons here today when Home Secretary Churchill appeared. Labor members began shouting questions at the secretary demanding to know why the police had been allowed to brutally club women and children in the streets of Liverpool. George Lansbury shouted at the Secretary demanding an inquiry into the government methods. Churchill refused, saying he would do nothing until order was restored.

Lansbury then waving his clenched fists at Churchill roared: "I do not know whether you want the people's blood or not, but I never knew of a more bloodthirsty lot than those who beat down defenceless women and children in the streets of a great city." The late afternoon brought no change in the strike situation here.

Liverpool, Eng., Aug. 16.—Bullets brought quiet and order in this city early today. The mob which overran the lower section of the city gave battle to the police this morning, but were finally dispersed by volleys from the infantry. Two rioters were killed.

More than 1000 anxious Americans are being cared for in local hotels at the expense of steamship companies and their number is being increased daily as a result of the strike and lockout on the docks.

They are most first cabin passengers. Several trans-Atlantic steamships are tied up at the docks and officials have announced that it is impossible to state when they will be able to get away.

STOCK 'CHANGE' UNEASY.

London, Aug. 16.—On the fear of a general strike not only on all the railways in the country, but in every trade at every commercial center caused a semi-panicky feeling on the stock exchange here today. Two failures were announced in the early hours and rumors that two other firms are in trouble added to the feeling of uneasiness.

Liverpool, Aug. 16.—A reign of terror existed here last night and troops poured into the city to put down disorders. A special guard was detailed to protect the landing stage of the transatlantic steamers, which it is asserted, the rioters planned to destroy with fire.

Five prison vans escorted by 50 Hussars were attacked last night by 2,000 members of the roughest class in Vauxhall street in an attempt to rescue the prisoners. The mob attacked the soldiers with missiles of every kind, and in defending themselves the Hussars fired.

At first blanks were used and then ball cartridges. In this affair ten men were killed and many persons were seriously injured. The troops then charged the mob with drawn sabers and cleared the street. So daring were the rioters that one of them tried to unhorse an officer, who was obliged to use his revolver, killing his assailant. Another but less serious affray, in which the troops were again compelled to fire, took place in Bond street. Only a few persons were wounded.

At a meeting last evening of the executives of the Amalgamated Society (Continued on Page 7, Col. 6.)

TO WALK 202 MILES IN 4 DAYS

Springfield, Mass., Aug. 16.—Wm. Ferguson, 63, a Bristol railroad conductor, will start tonight to walk to Kansas City on a wager of \$200 he can reach there in four days. The distance by rail is 282 miles. Under the conditions he cannot accept any lift on the journey. He may walk day or night.

ERRORLESS SUPPORT HELPS BILL GOLDRICK GET AWAY WITH SECOND OF SERIES

Sensational Ball on a Muddy Diamond—Kihm and Koehler Clout Regularly—Pendry is a Handy Man With the Rollers—"Lefty" Core, Crack Batsman, Gets Terrific Single Against the Fence, But Falls Down in the Ninth.

Table with 4 columns: Club, Won, Lost, Pct. Rows include Dayton, Zanesville, St. Wayne, Grand Rapids, South Bend, Newark, Toledo, and Toledo.

HOW THE CLUBS STAND. Dayton 10 1 1.000. Zanesville 9 2 .818. St. Wayne 8 3 .727. Grand Rapids 7 4 .636. South Bend 6 5 .545. Newark 5 6 .455. Toledo 4 7 .364. Toledo 3 8 .273.

YESTERDAY'S RESULTS. Newark, 1, Grand Rapids, 3. Toledo, 1, Zanesville, 1. Toledo, 1, St. Wayne, 1. Toledo, 1, Dayton, 1.

The continued downpour of rain yesterday morning proved disastrous as far as the crowd was concerned. It never played the game in yesterday's game. The fifth in a string of glowing victories and one of the best ever seen at Wehrle Park was witnessed and hugely enjoyed by a mere handful of spectators.

The game was full of uncertainties on account of the muddy diamond and several times the suspense was so pronounced that it could almost be scraped up in handfuls.

In the ninth Newark was one run to the good. There were two out and Kroy on second. Core faced Goldrick with blood in his eye. Lefty has a batting average of over .400 and clouts the ball more frequently and more accurately than any player on the visiting team.

On deck, behold Koehler, who already had three hits to his credit and was aching for one last crack. Bill consulted with Parker and would up Lefty waited for a good one. Three balls were called and the big slugger chipped a myriad of fouts until the fans had hysteria.

But there is an end to everything. Parker finally got his looks on a career off Cores' willow and the stuff was off. Newark had the first two of the Grand Rapids series.

Pendry starred in the infield, getting nine assists some clever stops and beautiful throws. Kihm and Koehler shared equally in the number of hits, but Dummis's three-sacker was the biggest hit in the game, barring the possibly. Wickland's awful swat in the third. Craven got another of those long throws to the plate, cutting off Barkwells' score.

Goldrick and Landev both pitched superbly in the pinches. Gray had an off day and was victimized by Lindseys' foolers. Everybody chewed the rag with the ump and helped entertain the spectators. The dissatisfaction began in the first Koehler got Pendry's roller joining Murray at second and threw to the plate to catch Craven which Scanton did at a distance of some two feet with his back turned. Ask the ump's? Everybody else did. Batting runners on at the rubber was one of the features of the game. Pendry was mowed by Craven's peg of Wicklands' four hit in the first.

In spite of the muddy field there was but one error in the entire game.

Table with 4 columns: Club, Won, Lost, Pct. Rows include Newark, Grand Rapids, Toledo, Zanesville, St. Wayne, Dayton, Toledo, Toledo, Toledo.

Physician Said Appendicitis Gall Stones Expelled by the Great Kidney Preparation

I thought I would do you a favor and let you know what Dr. Kilmers Swamp Root has done so far for me. About one year ago I was taken sick with a terrible pain in my right side. My family physician pronounced it appendicitis. About two weeks ago I received your Aliminc and read in it about weak kidneys, and my back hurting me so much, I thought I would try your Swamp Root and to my great relief and surprise after using one bottle, I expelled three gall stones, which weighed 15 grains—just what I needed. My kidneys are now well, and so I have concluded to continue with Swamp Root. Mr. Schwabke the druggist, told me that it never was appendicitis, but that the doctor had made a mistake. It was not a gall stone that caused the trouble, or they would not have come away so soon after continuing with Swamp Root. I shall always praise Dr. Kilmers Swamp Root to all those who suffer from kidney, liver and bladder troubles and am very thankful that I ever discovered such a worthy remedy. I feel confident that it will cure me entirely of all kidney and liver trouble.

MRS. MARY J. SCHNITZGER, 1502 15th St. and 4th Ave., Newark City, N.J. Personally appeared before me this 1st day of August, 1909, Mrs. M. J. Schnitzger, who subscribed the above statement and made oath that the same is true in substance and in fact. A. P. VORNG, County Clerk, Louis Strutz, Deputy. Prove What Swamp-Root Will Do For You. Send to Dr. Kilmers & Co., Piquette, N. Y., for a sample bottle. It will convince anyone. You will also receive a booklet of valuable information, telling all about the kidneys and bladder.

GRAND OLD MAN GETS HIS RELEASE

Young Finally Let Out Unconditionally By Cleveland Management—Will Stick to Game.

Cleveland O Aug. 16—An old Grand Old Man of baseball is given notice last night of his unconditional release from the Cleveland baseball team. The release does not take effect for 10 days.

Just say that there's no back to the team movement about me," said old Cy when questioned last night. "I am in baseball to stay. I will stick to the game and although I have no notion at present what I will do, you will find me still in the game."

The release of the veteran twirler comes as no surprise to the Cleveland fans. Some time ago it was reported that the Cleveland club had asked waivers on him but this was denied. Later it was rumored that he would be disposed of but nothing definite could be obtained as to the truth of the report. Old Cy has won only one victory of any moment this season. He has not been in good form and has seemed to lack both steam and control. He was particularly easy for his former team mates the Boston Red Sox. It was thought he would round into shape later in the season but showed no improvement.

Cy has maintained that there is nothing the matter with him and that he is just as well able to pitch now as years ago. It was declared that he was shoulder bound and that that accounted for his lack of speed. While the Sox owners were loath to part with the Grand Old Man, then pitching staff is in such a shape that new life is needed and this and other changes must be made if once.

We are sorry to part with Cy Young," said Secretary Barnard last night, "but our twirling department needs attention and the change must be made. I have no immediate prospects but will stay in baseball for years yet" was Cy's announcement. The old man is not all in and he is not ready to go back to the farm.

Young entered major league company in 1890 when he joined the Cleveland National League team. He played with St. Louis in the same league in 1899 and 1900 and joined Boston of the American League in 1901. He left the Red Sox in 1908 and has been with the Naps ever since. He pitched his 500th victory on July 20, 1910 in the big league.

GREATEST YEAR IN SPORT WORLD

Already Forty New World Records in Sports Have Been Established.

New York, Aug. 16.—The year 1911 will go down in sport history as the greatest ever. Already forty new world records have been established almost every branch of sport being represented, including racing, skating, walking, swimming, bicycling, and many others. Many think that the present crop of athletes is placing records in a place to be undisputed for years.

PLACE HITTERS VERY SCARCE

Picher Mullin of the Tigers does not believe that there is a batsman in the big league to play who can place a ball where he wants it.

There are a number of players who can place a ball but there is only one that I ever thought of. It is Mullin. That was Willie Koehler. I think he was one of the greatest hitters the game ever produced. He seemed to know exactly where he was going to hit. I saw him hit with two out and three on in the ninth inning. No batsman would have attempted to try to get that kind unless he had perfect confidence in his ability to get the ball down just where he wanted it. I think he hit the ball between the legs of a catcher and the base scored easily.

I think that Sam Crawford is the best hitter in the big leagues. Crawford makes a very easy work of it. He can hit and he swings his bat with an especial effort. Crawford is also a hard back hitter. Many of his hits are enough to go for doubles and triples and even home runs. But Sam seems to have the most confidence in his ability to place a ball where he wants it. I believe he was another great hitter. He was probably even better than Crawford in his time. Good natural hitters are very scarce in professional baseball today.

Turns Down Player Wilson. Cincinnati Aug. 16.—On account of the presentation of new evidence by the N.Y. club the national baseball commission yesterday refused its ruling of Aug. 2 of a dispute between the club and Harry Wilson. The previous judgment was favorable to Wilson, the player claiming that he was entitled to a third of his share of any money that might be received for him if so.

In its application for a rehearing the N.Y. club submitted a letter from Wilson written last December and saying that he would play for \$2,000 a month and asking advance money. The club agreed to his terms and sent him to play in May. The commission holds that the club gave him a valid contract for the services of a player which could not be affected by any further stipulations on the part of the player. Wilson is therefore denied the right to claim any part of the money received for him.

O'BRIEN FAILS TO COME BACK

Sam Langford Taken Measure of the Game Philadelphia in the Fifth Round.

New York, Aug. 16.—Sam Langford of Boston with an advantage of 10 pounds in weight fought Philadelphia Jack O'Brien to a standstill in four and one half rounds last night at the Twentieth Century Club. Referee Charles White prevented a knockout when he stopped the bout in the middle of the fifth round. O'Brien was practically out from the effects of a hard left hook to the jaw and had to be helped to his corner.

It was the old story of a clever game boxer pitted against a hard-hitting fighter and from the start the Boston heavy-weight had O'Brien's measure taken. Langford's blows were on the sledgehammer order while O'Brien's swag and hooks had sufficient steam to both the colored man. The pace was fast and O'Brien showed clever footwork as well as scientific boxing.

At the end of the second round O'Brien was bleeding from nose and mouth and was cautioned frequently for holding Langford. Langford put O'Brien twice to the floor in the third round, O'Brien taking nine seconds on the second fall. O'Brien was weak but managed to still along until the bell gave him a respite.

There was no question as to O'Brien's gameness as he took a lot of punishment in the fourth and was fighting hard in the fifth until Langford landed the finishing blow.

YESTERDAY'S RESULTS. Chicago 6, Detroit, 1. New York 6, Washington 1. New grounds at Philadelphia.

BUTTER KRUST LANGFORD IS THE REAL WHITE HOPE

New York Aug. 16.—That Sam Langford is the one man in the world today who would have a chance against Champion Jack Johnson, is the general opinion following the negro defeat of "Confessor" Jack O'Brien at the Twentieth Century club. Had Langford and his manager Joe Woodman so willed it O'Brien probably would have been put out in the first round. But Sam evidently believed that the big crowd which paid top notch prices to see the meeting was entitled to a run for its money, and he did not put much steam behind his blows until the fourth round.

Langford tried out O'Brien at the start, discovered he had no steam in the engine and toiled with him. In the third Sam rocked the Quaker town representative with a body punch which lifted O'Brien clear off his feet. From then on until Charles White stopped the bout in the early part of the fifth Langford whaled O'Brien as he pleased.

TEN MILLION SELLS FOR TWO THOUSAND

Ten Million crack center fielder of the Victoria team in the Northwestern League has been sold to the Cleveland American League team. It is rumored that Scout McGuire handed over two thousand "bones" to secure his services. Ten Million is one of the best fielders and fastest runners ever produced by the Northwestern league. He is said to be a good hitter and a nifty thrower, especially to the home plate. Ten Million is not a nickname. He was born in Mt. Vernon Wash. His father was Judge Million and named his son "Ten". Young Million attended school in Seattle and played on the high school team. Later he was captain of the University of Washington club. So it may be really true that Ten Million has sold for two thousand.

Erve Wratten Makes Good With Bisons

Wratten played sensational ball at third base in his first game with Buffalo Monday, which the Bisons won from Newark (N. J.) 10 to 1. Here is what the Buffalo Courier has to say of Erve "Wratten played the box with such swiftness and dash that it looks as though Stallings had picked up an other live one. In getting down to first he showed some Ward Miller stuff even though he is a right handed lefty. He had one hit in four attempts and should have had another had not Kelly deprived him of some by a clever catch. His very first chance in the first inning was a hot grounder which Kelly aimed to place between the Zanesville third sacker and Hank Groh. Dalton was on second at the time and chattered in run but the situation did not freeze Mr. Wratten who stuck out his gloved paw after making a sideways leap and gripping the ball tightly. It resulted in his steel wing and whizzed it to Sharpe at first for the third out.

Both Teams Go On Road at 8:50 TONIGHT. The local ball club leaves at 8:50 to night for South Bend to meet the Erie Braves team. The Grand Rapids club goes to Terre Haute for a series leaving Newark at the same time.

WOULDN'T GIVE \$8000 FOR CENTRAL LEAGUE

Louisville Ind. Aug. 16.—In behalf of Louisville business men Harry Stahlhoefer, a former manager of the Louisville Central team, refused the offer of Perkins and Edwin Johnson of the American Central League to purchase the Louisville franchise for \$8,000 to replace the team transferred Saturday from Louisville to South Bend. "I wouldn't give \$8,000 for the entire Central League," said the message sent by Stahlhoefer in reply.

S.S.S. CURES RHEUMATISM

The usual cause of Rheumatism is an excess of uric acid in the blood which weakens and acidifies this vital fluid, and prevents the proper amount of nourishment being afforded the muscles, nerves and tendons. The pains and aches of Rheumatism may be temporarily relieved by the use of liniments, hot applications, and other external treatments, but the disease cannot be permanently benefited by such measures and is bound to become chronic and dangerous if such things are depended upon alone. S. S. S. cures Rheumatism in the only way it is possible to cure the disease. It goes down into the blood, and removes the uric acid from the circulation. When S. S. S. has cleansed and purified the blood the pains and aches cease, all inflammation disappears, and every symptom of Rheumatism passes away. Book on Rheumatism and medical advice free. S. S. S. is for sale at drug stores. THE SWIFT SPECIFIC CO., ATLANTA, GA.

FACTS ARE THE MOST CONVINCING ARGUMENT. So instead of lauding ourselves and making big promises, we simply ask you to come and examine our lumber and to compare our prices. Those will be facts to surprise and convince you. We don't promise, we perform. Come and convince yourself of that fact today. HENRY O. NORRIS, Locust and Fourth Sts.

We are here to sell bicycles of the best makes to suit your preferences, and that we can do this to the full is shown by our constantly increasing trade, by the new customers who reach us because recommended by old patrons to call here when in search of a new mount. Glad to have you visit us. American Machine Co., 28 W. CHURCH ST., NEWARK, O.

SHORT SPORT. Senator Jim Scott of Wyoming has qualified to membership in the exalted order of Tiger Tamers, handing the Detroit aggregation a six to one defeat. Maybe Ty Cobb isn't the whole works among the Tigers but they haven't won a game since the Georgia peach dropped out of the line-up. This Boston aggregation is getting to be fine at coming from behind when a game seems hopeless and either winning or tying the score. New York finally managed to stop the Senators' mad but rather belated dash for the American League pennant. Just as Atwood sailed over the White Sox park on his trip to New York Ping Bodie laced out a three bagger which many fans thought was aimed straight at the aerial hobo. The house detective of a Pittsburgh hostelry had to shoot to a girl who wanted to shake hands with Mark Twain. Remember what happened to Richmond P. Hobson in 1898. Frank Chance took 22 athletes to Boston to open the series there. So many men it would seem to the uninitiated are not needed in Brantown. An enthusiastic ball fan of Newark N. J. had a dream the other night that one of the members of the home team knocked a home run when the score was tied. The fan dived out of bed onto the floor. When he revived at the hospital he was still talking base ball. Guess its time for that fan to take a vacation. Central Leaguer Goes Up. moon at last quarter in constellation
Aries; 11 p. m., eastern time, planets
Mars and Saturn in so close conjunc-
tion that they appear almost as double
star, Mars being only one-third of a
degree north of Saturn; a remarkable
sight at about midnight, when the
moon will be seen in conjunction with
both planets, passing from west to
east thereof, about 4 degrees north.

HEALTH HINT FOR TODAY.
For Growing Pains.
For growing pains wring a
towel from salted water, wrap
the limb in it from the ankle to
the knee without taking the
child from its bed, and then
sweat with dry flannel thick
and warm, tucking the blankets
about him a little closer, and re-
lief is sure.

**THE ONE CENT
TAX RATE SAVES
CONFISCATION**
The state was drifting along toward
the shoals under Republican adminis-
trations. The tax rate, which was
gradually increasing, would have
amounted to confiscation of property
in a few years unless someone had
called a halt. In some counties the
tax rate was as high as 5 and 6 per
cent.

The reason was that the tax spenders
public officers, first decided the
amount of money they would pay out
in a given year, and then they would
make a levy that would raise that
amount. There was no law in the
statute books, before Judson Harmon
became governor of Ohio placing any
limitation on the power of officers to
make levies.

But a new era in taxation in Ohio
dawned when Democrats were placed
in complete control of the state gov-
ernment.

The power of public officers to spend
money was curbed, and the people
were given legal authority to veto pro-
posed expenditures that would make
the tax levy higher than what was
needed for an economical administra-
tion.

No professional burglar ever did a
better and more complete job on a
safe, than that job of looting which
the members of the 1909 and 1910 Re-
publican general assemblies did to the
state treasury. In just two years they
lowered the treasury balance from
\$3,000,000 to \$500,000. With Republi-

THE WOOL AND WOOLEN TARIFF REVISION BILL

Duty on Raw Wool Fixed at 29 Per Cent, Which Was Only 1 Per Cent Less Than Congressman Ashbrook's Contention in the House Democratic Caucus.

The wool tariff bill, as it passed the
House was so amended in the Senate
as to call for a conference committee.
The duty on raw wool in the House
measure was fixed at 20 per cent ad-
valorem.

In the Democratic caucus, where it
was first considered, Congressman
Ashbrook of this district, made a mo-
tion to amend the bill by increasing
the duty to 30 per cent, and urged its
passage in behalf of his wool growing
constituency.

This amendment failed, and Mr.
Ashbrook felt the political obligation
of abiding by the decision of the party
caucus, of which he was the secretary.

After the bill's passage in the
House it went to the Senate, where
the latter's amendments required
the conference committee. One of
the Senate amendments fixed the
duty on raw wool at 30 per cent.
After several sessions of the com-
mittee a complete agreement was
finally reached by a compromise
revision bill. The rate on raw wool
was fixed at 29 per cent, which was
only 1 per cent less than the amend-
ment offered by Mr. Ashbrook in the
House Democratic caucus.

Senator La Follette, Republican,
of the conference committee, yielded
to the reduction on raw wool to 29
per cent, and Chairman Underwood,
Democrat, also of the committee, ac-
cepted the amendment on the condi-
tion of a general assembly robbing the
treasury and Republican state treas-
urers stealing interest earnings, it is
easy to see why the people cleaned
the state house.

The debt of the German Empire at
the end of 1910 was \$4,821,200,000. Of
this frightful total \$428,000,000 had
been incurred during 1910. Expendi-
ture beyond income for 1911 has also
been very heavy. With a continuing
maintenance of its great standing
army on a war footing and the heavy
outlay incurred to keep the Govern-
ment at the front as an aggressive
maritime Power there is no immediate
prospect of a diminished indebtedness.

The end will come when the taxpay-
ers of the nation will be no longer
willing or able to foot the bills. It is
not strange that under the pressure
of its vast debt Germany should pro-
fess itself willing to favorably consid-
er general arbitration for all the great
Powers.

tion of the acceptance of the House
classifications of the bill.

The House classifications were re-
tained. All the duties on manufac-
tured products were adjusted in the
proportion to the duty on raw wool.

The time when the revision shall
take effect was fixed at Oct. 1, 1911,
instead of Jan. 1, 1912. It was de-
cided to offer the wool schedule as
an amendment to the Payne-Aldrich
Tariff Act.

The rate on cloths, knit fabrics,
trimmings, lace and all similar arti-
cles is fixed at 49 per cent, being a
reduction of 6 per cent from the sen-
ate bill. Blankets and flannels in-
tended for underwear are given a
rate of 30 per cent. Flannels not in-
tended for underwear are dutiable at
49 per cent. Carpets are divided
into three classes and duties im-
posed of 50, 40 and 30 per cent, ac-
cording to valuation.

The compromise revision bill
passed the House on Monday by a
vote of 206 to 90. Every Democrat,
with 29 Republicans and 1 independ-
ent Republican, voted for the bill.

The bill passed the Senate on Tues-
day by a vote of 38 to 28 and went to
the White House on Wednesday.

The expectation was prevalent that
President Taft would veto it as well
as all other tariff reform measures
passed at the present session.

precinct reaches the polls on that
day and casts his vote. It should be
the pride and honest endeavor of ev-
ery man to go to the polls on that
day, and by his vote to do all in his
power to aid in the upbuilding and
general welfare of our city. Don't
fail to vote and cast your ballot for
a clean man who will not be a detri-
ment to our city's business future.

When should this be done? Not next
year; not in November; not when
you feel like it, but all at once and
when most needed. It must be at the
beginning, and that will be on Tues-
day, Sept. 5. I am not desirous of
placing any serious strain on any
one, but I would like to impress this
date on the minds of every one in
the city so strongly that it will act
as a brand, not to be removed until
every man has cast his vote on the
15th of November.

BUSINESS MAN.

**CONTRACT IS
CANCELLED BY
NEW LEXINGTON**
Village Dads Won't See Home Labor
Idle While Outsiders Get Fat
Contract.

As a result of a special meeting
of the mayor and council of New
Lexington, in response to indignant
protests from citizens of that place,
a force of men sent there by Con-
tractor George J. Bock Jr. was re-
leased Monday afternoon.

Bock recently had the contract for
the city dam in Newark and is well
known in this city. New Lexington
people were very indignant to find
that outside labor was to be employ-
ed when workmen in their own city
were idle.

The force of about ten men, in
charge of Charles Henderson, left
Newark Sunday evening. Arriving
at New Lexington, they began work
on the city contract early Monday
morning. Later in the day the men
were sent back to Coshocton by the
council, since the contract was a mu-
nicipal one.

Bock has not announced what
course he will pursue in the matter.

MARTINSBURG
The public square has been greatly
improved by new raised concrete
crossings. A number of new gas
lights have been erected recently, but
the greatest need of the village is a
public watering trough.

The funeral of Mrs. Nancy Simp-
son took place Thursday from the
home of her son, Sherman Simpson.
The deceased was long a resident of
the village and a consistent mem-
ber of the Presbyterian church.

Lester Beehey and Will Ferguson
drove new Ford automobiles last
week. Dr. Will Shrontz has bought
an E. M. P. touring car.

Mr. and Mrs. Homer Dodd and
son Frederick of Dayton are guests
of Dr. and Mrs. J. P. Shrontz.

Rev. O. R. Newcomb is spending
his vacation at Grove City College,
Pa. He is accompanied by his fam-
ily.

Mr. and Mrs. James Laughlin of
Ashland are the guests of Mr. and
Mrs. Wm. Berger.

Mr. and Mrs. John Mitchell of
Columbus are spending the summer
with Mr. and Mrs. Virgil Mitchell.

Mr. Tom Ciek returned Saturday
from a two months' business trip
through Indiana, Illinois and Mis-
souri.

Mr. and Mrs. Frank Baird spent
Saturday at Buckeye Lake.

Miss Faye Larason spent a part of
last week near Utica, the guest of
Miss Alta Cullison.

Mr. Armour Hess has sold his
property on Utica street to Mr. Ol-
iver McMillen.

HARMON WILL SWING ON A SPEAKING TOUR

Columbus, Aug. 16.—Governor Jud-
son Harmon will invade the East next
month, and later will make a tour of
the Western country, entering the so-
called Bryan progressive territory.

September 9 he will speak at Cale-
donian Grove, West Roxbury, Mass.,
with Governor Foss and Mayor Fitz-
gerald of Boston. From there he
goes to Sping Lake, N. J., to attend
the national conference of governors.
At this gathering Governor Woodrow
Wilson will be the host.

Governor Harmon will return from
Charlevoix next Monday, when the ar-
rangements for his Western tour will
be taken up and concluded. A large
number of requests for his presence
have been received, and selections will
be made so as to cover as many states
as possible.

GRANVILLE
Granville, Aug. 16. — Mrs. Mary
Williams, an aged lady living a short
distance southwest of the village, met
with a painful injury on Sunday night.
She was lowering a window in her
bedroom, when she slipped and let go
of the window, which fell on one of
her hands, badly mashing it.

Mr. and Mrs. William R. Jones af-
ter a short but pleasant visit with re-
latives and friends here, returned to
their home in Marion.

Prof. Biefield, who was elected in-
structor of astronomy in Denison, has
moved from Akron to Granville, and
will occupy the Squires house on
North Pearl street.

The work of improving the Newark
and Granville division of the Ohio
Electric railway is rapidly progressing,
the men having reached a point with-
in a mile of the village.

Mr. and Mrs. Alda Beam of Jersey,
recently made a short visit with their
uncle and aunt, Mr. and Mrs. W. A.
Mitchell at their home on East Broad-
way.

Miss Jessie Hildreth, a charming
young woman of Harrisburg, Pa., who
has been visiting at the home of Mr.
and Mrs. Edward Davis, northeast of
town, has returned home.

Mr. and Mrs. Clifford Case, Misses
Alice and Laura Case and Mrs. Cora
Rose, have returned from their trip to
Niagara Falls, and report having had a
most enjoyable time.

William Bawdon of Champaign, Ill.,
has been visiting his parents, the Rev.
and Mrs. H. H. Bawdon at their home
here for some days.

Mr. and Mrs. Karl Ashton have
moved from Mrs. Watkins' property
on Pearl street to the Grandstaff house
on East College street.

Prof. W. O. Green, a recent gradu-
ate of Denison, but who is now teach-
ing in the high school at La Salle, Ill.,
made a short visit here with his
friend, Elmer Hator.

The Shauls reunion will be held at
Allen Avery's in Granville on Thurs-
day, August 17. This family has many
branches in Licking county and the
reunion will undoubtedly be attended
by a large number of the descendants.

J. E. Baltz and family have moved
into the Watkins house on Pearl
street, which was recently vacated by
Karl Ashton.

L. A. Ramsey of Stryker, O., visited
friends in Granville yesterday. Mr.
Ramsey has been spending the past
week at Summerland Beach and re-
turned home this morning.

Mr. Buckland is seriously ill with
an attack of appendicitis.

J. Calvert Clark of Edison, O., is vis-
iting friends in the village.

Baby won't suffer five minutes with
croup if you apply Dr. Thomas' Electric
Oil at once. It acts like magic.

CHANDLER SEES SENATE CHANGES

Former Member Looks Over Body From the Gallery.

SAYS LEADERS ARE GONE

Senator Bourne of Oregon is confident
that La Follette will be nominated
by the Republicans next year—He
says Great Reforms Can Thrive Only
by Encountering Resistance.

By ARTHUR W. DUNN.
Washington, Aug. 16.—[Special.]—
"Ten Years After" might be the title
of a little sketch by William E. Chan-
dler of New Hampshire. The ex-sen-
ator was sitting in the gallery recently,
although he has the right to go upon
the floor and make himself very much
at home.

"I cannot tell who all those men are
down there," he said. "There have
been many changes since I was a
senator. The senate is much differ-
ent; the questions discussed are differ-
ent. The leaders have changed. In
fact, we have no leaders on our side."
"We" and "our side" meant the Re-
publicans, for Chandler was ever an
intense Republican. He does not agree
that the senate has deteriorated; he is
not the kind of man to say there has
been a falling off because he is no
longer in the senate. And yet he
does mourn the loss of many men that
were prominent in his day.

Chandler and Wolcott of Colorado
went together. "Let us," said Wolcott
in the last executive session they at-
tended, "tell them what a loss the
senate is sustaining." And that is
what they did. While they were jok-
ing, there are many who thought that
in the brilliant and oratorical Wolcott
and in the sarcastic and epigrammatic
Chandler the senate lost much.

Needs Opposition.
If Senator Bourne of Oregon was to
be given a middle name it would be
"Optimistic." Never was a man so
sanguine of success in everything he
undertakes. He was confident that
Roosevelt would be nominated for a
"second elective term." He is just as
sure that La Follette will be nomi-
nated by the Republicans next year.

"This opposition to the progressive
policies," remarked Bourne when they
were fighting the Arizona recall, "is
just what we want. No great move-
ment can succeed without strong op-
position. Every great reform goes for-
ward the more it is resisted. We could
not ask for anything better than the
fight that has been made against pop-
ular government during the session."

House Pedestrians.
"Tramp, tramp, tramp, the boys are
marching." That might have been the
lay of a large portion of the house
membership during the past two
weeks. There was nothing to hold the
members in the house, and they would
remain in their offices until the bells
jinked a call for a quorum. "Then
they would tramp over and answer to
their names and tramp back to their
offices. There would be other roll calls
during each day, and those who want-
ed the record to show that they were
attending to the congressional business
marched back and forth many times a
day.

His Late Reward.
Larz Anderson, who was recently
appointed minister to Belgium, waited
long for his reward. Anderson was
one of the men who made substantial
contributions to the Republican ex-
chequer in the last campaign. After-
ward in talking with a friend he said
that there ought to be something be-
sides offices with which to reward
men who had done much for a success-
ful candidate, because it was embar-
rassing to the man elected to find
places for everybody. He suggested
titles of nobility, but it is too much of
a task to change the constitution so
as to allow that system to prevail, and
one can imagine just what the people
would do to a senator or representative
who would try to get such an amend-
ment through congress. Mr. Anderson
owns one of the largest and finest
mansions in Washington.

Looking After His Bill.
The house was passing bridge bills,
and one was reached for a bridge
across the Palmers river, in Rhode
Island. "I do not see the author of
this bill in the hall at this moment,"
said Chairman Adamson, who had
charge of the bills.

"I beg the gentleman's pardon," and
up rose Congressman O'Shaunessy of
Rhode Island. "I am here looking
after my bill and have been here all
the morning."

He is a new member, but he wasn't
caught napping when one of his bills
was coming up.

An Impressive Speaker.
Senator Clapp was making a vigor-
ous speech on his favorite subject,
popular government, a subject that he
has discussed in many states during
the summer. "Clapp would make a
good exhorter," was the comment of
a man in the senate gallery. "The ear-
nest manner of the Minnesota senator,
his ready command of language, the
fact that he was thoroughly imbued
with his subject, showed that the ob-
server had made a correct guess. This
same manner won him many cases in
the courts when he was practicing
law and was recognized as an effective
pleader.

FRAMPTON
Quite a number from this place
attended the picnic at Black Run on
Saturday.

Miss Nellie Mossman returned
to her home at South Madison last
Sunday, after spending a few days
with the Misses Cessna.

Miss Helen Johnson of Akron, O.,
is visiting her mother, Mrs. George
Oxley.

Mr. and Mrs. Melvin Ashcraft and
daughter Hilda spent Monday and
Tuesday with Newark friends.

Mr. Ernest Allison and sister Ma-
belle of Gallion, O., returned home
Monday, having made an extended
visit with their aunt, Miss Kathryn
Mowrey.

Mr. and Mrs. Meek Cochran and
son Delmas visited at the home of
Mr. and rs. A. Z. Baughman Sun-
day.

Miss Inez Blue of near Bladens-
burg is visiting her aunt, Mrs. Jas.
Martin.

Several from here attended the
concert at Perryton Saturday night.

Miss Eula Cessna spent a part of
last week visiting friends near New-
ark.

Miss Ethel Weekley of Newark re-
turned home Wednesday, having
made an extended visit with her
grandparents, Mr. and Mrs. David
Mosholder.

Mr. Allen Cessna and family en-
tertained Sunday; Mr. Ernest Allison
and sister Mabelle of Gallion, Miss
Nellie Mossman of Newark, Miss
Kathryn Mowrey, Mr. Conrad Tip-
ton, Harvey Meek and Mr. M. D.
Cessna and family.

REGISTRATION DAYS
Two registration days will occur
before the primaries—Wednesday,
August 30, and Friday, September 1.
All new voters and those having
changed residences since last voting
will be required to register or get a
transfer.

Most Folks—Maybe You
Are careless in the care of the
skin. Do YOU know that the
skin is made up of innume-
rable pores which give off the
poisonous matter of the body
and should be kept open and
clean?
Bathing is most excellent to
keep the skin healthful, but
MANOLINE helps wonder-
fully; use after bathing and be-
fore using the drying towel; a
small quantity covers a large
skin surface, and note the won-
derful skin improvement
through its use in a short
time.
There are 360 drops of Man-
oline in a tube; costs 25c., in-
stead of One or Two Dollars.
Money back if YOU think not
as represented in every re-
spect. (17)

FARMER GIVES PROPERTY TO DEFUNCT BANK

Was President of Butler Institution When It Failed—Would Protect Depositors.

Mansfield, O., August 16.—A. W. Mishey, President of the defunct Richland County Bank, of Butler, has made an assignment of his 125 acre farm and his personal property. Mishey was one of the partners in the bank, and the assignment preceded a foreclosure on a note that was held by the bank and which was to have been used in the deficiency between the bank's assets and liabilities. Receiver Charles F. Ackerman, of Mansfield, is said to have unearthed a large amount of bad paper held by the bank, and he has already begun action to clean up the affairs of the bank.

COUNT TOGO GETS BIG LOVING CUP

New York, August 16.—Admiral Count Togo was the guest of his fellow countrymen last night at a banquet given in the Plaza. There were 45 persons present, and the hotel gold service, worth \$50,000 was used. A silver loving cup two feet high was presented to him. On the table was a miniature of his flagship, the Mikasa, made of sugar and lighted by electricity. The flagship will be encased in glass and presented to the Nippon club of this city. The dinner was private.

HEBRON

Mrs. T. M. White spent Wednesday with her sister, Mrs. James Pugh at Kirtlandville. Miss Alma Rudolph of Pittsburgh, Pa., visited at the home of Mrs. P. P. Corniford the past week. Mrs. Rill White is visiting her mother, Mr. T. Madden this week. Frank Messenger, Mrs. Mary Snelling and son, Lee, spent Sunday with P. P. Corniford and family. Quite a number from Hebron spent Thursday at Buckeye Lake, among those in the party were Mrs. T. Madden, Mrs. S. White, Mrs. P. White, Mrs. Guston Reese, P. P. Corniford and family, Miss Alma Rudolph, Miss Clara Reese, Miss Mary Huber, Miss Blanch Hopp, Mr. Paul Kochendorfer, Mr. Fred Geiger, and several others. All report a fine time even if it was the warmest day of the season.

B. & O. EMPLOYEES TO HEAR TALK ON EXPLOSIVES

Many employees of the B. & O. R. R. Co. at this point are making arrangements to go to Columbus Monday, Aug. 21, to attend the lecture to be given by the special agent, Col. J. L. Taylor, on "The Safe Transportation of Explosives and Other Dangerous Articles." The Newark men will leave on Panhandle No. 3 at 6:10 p. m. Col. Taylor during his lecture will illustrate on canvas by the aid of the stereopticon the destruction wrought by the unsafe packing and shipping of such articles, pointing out the many dangers incident thereto.

Subterranean Sea Is Discovered in Texas

San Antonio, Texas, Aug. 16.—The discovery of a subterranean sea in Hale and Lubbock counties confirms the recent geological investigations tending to show that there is an underflow from the Rocky Mountains sweeping across New Mexico, the "Panhandle" and southwestern portions of Texas. For a number of years it has been the theory of geologists that there is a subterranean stream from the Rocky Mountains sweeping southwestward to the Gulf. It is contended that this stream is the source of many springs such as those which form the headwaters of the Guadalupe river near New Braunfels, Texas, the famous San Pedro springs in this city, the Carrizo springs, in Williamson county, and a series of springs forming the headwaters of the Nueces and those which pour constant streams into the Devil and Pecos rivers.

Ten years ago the total number of passengers carried one mile in the United States was about 13,300,000,000. In ten years time this has increased over 120 per cent, reaching a total of 29,500,000,000.

By their deeds ye shall know them—the people who get caught.

LICKING.

Mr. Leo Stevens of Newark spent last week with Sanford Black, near this place. The Triangle Club is preparing ground for lawn tennis and croquet at the parsonage. Mr. R. L. Black and family, Mrs. A. K. McCall of Newcomerstown, Mr. and Mrs. Fred Black of Granville ate Sunday dinner at the home of Mr. and Mrs. James Black. Mr. R. V. Sperry and family of Newark are spending a few days at the home of Mrs. Sperry's parents, near here. Mrs. D. M. Black of Newark spent a few days this week at the home of Mrs. E. R. Black.

The Sunday school picnic at the home of Mr. S. T. Buckland Wednesday last was a decided success. There will be a home-coming of the Baptist church on the evening of Aug. 24. We hope to see as many of the members of the church as can possibly be there. Mr. Sanford Black and Mr. Leo Stevens took supper with Mr. and Mrs. Fred Black in Granville Wednesday evening. Mrs. Carl Arnold and children are visiting at the home of her parents, Mr. and Mrs. Wm. Messick. We hope all circulars sent out by the Missionary Committee will be signed and returned by Sept. 1 to either the committee on Mr. R. L. Black, treasurer.

Our community was shocked last Sunday evening by the sudden death of Mr. Asa Harter of Hebron. Our sympathy is with the widow and son in their affliction. The Misses Mabel and Mary Ruff near and Lela Buckland attended a party at the home of Mr. D. M. Geiger, in Hebron, Friday evening. Mr. James Hillbrant, who has been working in Columbus the past summer, is at home again. Sherman Rees and family, Richard Black and family spent Saturday evening at the parsonage. Mrs. A. K. McCall, after a visit with her daughter and family, left for her home in Newcomerstown on Monday.

Home Treatment for Tuberculosis

Many people have cured themselves of Tuberculosis by a very simple, inexpensive home method—fresh air, careful diet and Eckman's Alternative. This Alternative is not a new medicine. It has been conquering tuberculosis for several years, cures resulting after other methods had failed. Think what this means. No specialist's fees! No sanatorium charges! No traveling expenses! Eckman's Alternative has cured many people at home, where their dear ones encourage them and give them that tender care which money cannot buy. After you have thoroughly investigated our affidavits and testimonials—feeling sure in your own mind that if Eckman's Alternative has cured so many others, it surely must help you—start taking the Alternative. Your improvement will be gradual, but certain. If you have been faithful to Eckman's Alternative, you will be amazed at your improvement. A statement from one who knows follows: 220 So. 4th St., Colwyn, (Darby) Pa. Gentlemen: "For four years I was troubled with cough which gradually became worse; I had night sweats and pains in my chest. I was losing my appetite and had become so thin, I could not attend to my household duties. A physician pronounced my case Consumption. Not being satisfied, I was examined by the physicians of the Polyclinic Hospital; they also pronounced the disease Consumption, which was proved later, by an examination of sputum, as Tuberculosis Bacilli was found. I was ordered to a Consumptive Hospital. My nephew would not allow me to go until I had tried Eckman's Alternative. Before I had taken the medicine three weeks I had marked relief; night sweats ceased; pain in the breast relieved; cough became loose and easy; fever left me and I commenced getting well. My health became normal. I am in excellent health and have been completely cured for ten years. I strongly recommend it." (Signed) MRS. MARY WASSON. Eckman's Alternative cures Bronchitis, Asthma, Hay Fever, Throat and Lung Affections. Ask for booklet of cured cases at Eckman Laboratories, Philadelphia, Pa., for additional evidence. For Sale by all leading druggists and Eeman & Son, druggists, Newark, O.

HIGHWATER.

Mr. Morrison Clark, who has been suffering from an attack of rheumatism, is able to attend to his former duties again. Miss Mabel Gosnell, who has been visiting with relatives at Newark, was compelled to return to her home on account of a severe attack of rheumatism. She is reported some better at this writing. Mr. Milla Snyder of this place, is visiting her sister, Mrs. Newton Powers at Johnston. Mrs. Fred Steiner and little daughter Pauline are visiting Mr. Steiner's parents at Keryn, Ohio. Miss Lelah Edwards of Springfield, is the guest of Mr. and Mrs. Morrison Clark. Mr. Sank Snyder and family and Mr. Will Snyder have returned home after attending the birthday surprise given in honor of their father at his home in Rainbridge, Ohio. Miss Ethel Hancock and Miss Edith Jones, called on Mable Gosnell Thursday afternoon. Mr. and Mrs. Howard Barick and children, Janis and William, visited friends and relatives here Sunday. Mrs. Will Keeckley and little son, Forest, have been visiting the past week with her sister, Mrs. L. M. Gosnell. Mr. and Mrs. Foster McFadden and little daughters, Gertrude and Emma Louise, visited Saturday and Sunday with the former's sister, Mrs. Elwood Kinney at Utica. Miss Mary Runnels, of Croton, is spending a few days with her uncle, Mr. Forest Cramer. Mr. Fred Andrews of Newark, is visiting his cousin, LeRoy Frease. Mrs. J. A. Solinger and Mrs. Margaret Gosnell spent Wednesday with Mrs. M. W. Clark.

PENNSY LINES RUN "AG" TRAIN

The Pennsylvania Lines west of Pittsburgh will, during the week of Aug. 21, operate over a portion of the Panhandle route a seed and soil lecture train in conjunction with the Ohio State College of Agriculture and the Ohio Experiment Station. This will be the first of a number of special educational trains to be operated by the Pennsylvania Lines during the coming winter for the special benefit of the agriculturists living along the various lines of the system.

The Panhandle seed and soil special educational train will be furnished and operated at the sole expense of the railroad company, and the lecturers and demonstration material will be furnished by both the College of Agriculture and the Experiment Station of the state of Ohio. There will be nothing to sell or advertise and everything will be free to those desiring to improve in the knowledge of scientific farming. From the train illustrated bulletins will be distributed, giving abstracts of the talks which will be given on the several subjects.

During the five days' trip of the Panhandle seed and soil special, stops of one and a half hours duration will be made at 23 stations along the Indianapolis and Cincinnati division of the P. C. C. & St. L. railway, in addition to the three night sessions which will be held at Covington, Urbana and Xenia. At each stop two lectures will be given in the specially equipped coaches on "Soil Improvement," "Wheat Culture" and "Seed Corn Selection."

The train will be in charge of Director C. E. Thorne of the Ohio Experiment Station, who will be assisted by Prof. A. G. McCall, E. D. Wald, Porter Elliott, O. M. Johnson, and H. D. Agrist of the Ohio State College of Agriculture. Representing the railroad company will be General Freight Agent M. S. Connelly, Superintendent L. Ohliger of the Indianapolis division, Superintendent R. C. Barnard of the Cincinnati division, and other operating officers.

SURVEYS IN ALASKA.

Fourteen parties of the Geological Survey, including about 50 men, are at work surveying and studying the mineral resources of Alaska. These parties are widely scattered over the territory and are doing work of many different classes.

One party is engaged in exploring Noatak river, in northwestern Alaska, north of the Arctic circle. This party, which is under the leadership of Geologist P. S. Smith, with C. E. Griffin as topographer, will make its way up Alathra river with canoes and hopes to find near the head of the river a pass across to the head of the Noatak and to descend that river to the Arctic Ocean at Kotzebue Sound. The region which will be traversed is unsurveyed and much of it is almost unknown.

A. G. Madden is studying the geology and mineral resources of the extreme northeastern part of Alaska, north of Porcupine River. He is working in conjunction with a survey party of the International Boundary Commission.

FALLSBURG.

Mr. and Mrs. W. O. Beckham and son Harold were the guests of Newark relatives from Tuesday until Wednesday.

Mrs. Emma Varner and daughter, Miss Lola, and Mrs. K. A. Barcroft were guests at the home of Mr. and Mrs. J. W. Porter Tuesday.

Miss Mabel Barcroft is on the sick list.

Miss Tenna Shoults is no better.

Mrs. Arthur Baughman and two children of Utica, and Elmer Shoults of near Mt. Vernon were visitors at Matt Frost's Tuesday.

Many from this vicinity attended the Black Run picnic Saturday.

Master Floyd Porter after spending a week with relatives in Newark, returned home Saturday.

Hazel Colville returned to her home in Newark Friday after spending the week with her cousin, Della Colville.

Mr. John Shoults, our new road superintendent, is doing some good work on the roads which have been in very bad shape.

Mrs. Harriet Barcroft is spending a few days at the home of her son, A. A. Barcroft and family.

Mr. and Mrs. J. M. Moran and family were the Sunday guests of the latter's parents, Mr. and Mrs. Oren Clark.

Mrs. Granville Thompson and children Gerald, Irene and Owen were guests at the home of her sister, Mr. and Mrs. K. A. Barcroft, Wednesday.

"Doan's Ointment cured me of eczema that had annoyed me a long time. The cure was permanent."—Hon. S. W. Matthews, Commissioner Labor Statistics, Augusta, Me.

APPLETON

There will be a Sunday school picnic and temperance rally next Saturday, Aug. 19, one mile south, in the Joshua Rice grove. The program will consist of music, recitations, temperance orations, solos, quartets, and a good time in general. Mr. E. M. Larsson of Newark will be present and deliver the principal address. A general invitation is extended to all to come with a well filled basket and enjoy the day in a social and entertaining way. The exercises will begin at 11 a. m.

Mr. and Mrs. J. R. Sanger of Copumbus, are visiting the former's niece, Mrs. L. M. Shipley and family and other friends for a few days.

Mr. and Mrs. Andrew Wheeler and son of Hog Holler visited D. E. Parsons and family Sunday.

Rev. Frank Peters and family of New Bedford, Mass., are here visiting his mother and family.

Mr. and Mrs. L. W. Wright were called to Mt. Vernon last Wednesday to attend the funeral of the former's brother's wife, Mrs. Catharine Wright.

Mrs. Caroline Bachelor, Emma Budd, Mr. and Mrs. Howard Hill of Harlem, O., who were on their honeymoon trip, spent a few days at the home of Mr. and Mrs. L. W. Wright near Brooks Corners, last week.

Mrs. Henry Holcomb and son Arthur of Liberty Chapel, called on her daughter, Mrs. Timmons, Sunday.

Mr. Wilson Channel of near Granville, visited his daughter, Mrs. Rolla DeCrow, Saturday night and Sunday.

Mr. Wm. Bartlett, an aged citizen of this place, is quite poorly at this writing.

Mr. and Mrs. George McPeck of Utica, visited Mr. and Mrs. John Edwards Sunday. Mr. Edwards is still quite poorly.

The little child of Mr. and Mrs. Henry Householder, who has been quite poorly for some time, is much better at this writing.

Miss Genevieve Green of Johns town, visited her grandparents, and Mrs. D. L. Van Fossen, a few days last week.

Mr. and Mrs. Levi Knowlton and family of Utica visited D. Hatch and family last Wednesday.

Should the day be favorable the Sunday school and preaching next Sunday will be held in the grove following the picnic. The program is as follows: Preaching at 10 a. m., followed by preaching at 11 by Rev. D. J. Smith; dinner at 2:30; Rev. Karl Alexander of the Alexandria M. E. church, will preach. A cordial invitation is extended to all.

Mr. Warner, superintendent of the high school this year, and his father, P. N. Warner of Utica, were in the village Monday, making necessary arrangements for school, which begins the second Monday in September.

Mt. Clair, N. J.: Because he threw stones at a farmer's wagon Richard Caruso, cousin of the tenor, was sentenced to be spanked by his father. Neighbors say the boy's voice soared to high C.

Honolulu is the only city in Hawaii with a street railway. This is the 22 mile single track electric line of the Honolulu Rapid Transit and Land Company. In 1909 it carried 8,269,594 passengers.

ARRESTS OF LYNCHERS AT COATESVILLE, PA.

Are To Be Made After the Funeral of Policeman Whom the Negro Shot.

Coatesville, Pa., Aug. 16.—With one man in jail and warrants for nine others whose names are withheld on the way here from West Chester, the townspeople are apprehensive today of trouble, when the police round up the men accused of aiding in the lynching of Zach Walker, a negro, last Sunday.

It is now planned not to make any arrests until after the funeral of Policeman Rice tomorrow, but Kennedy Boyd, a lineman, is being held because it is alleged that he was preparing to leave town.

When the warrants on the others are served, those arrested will be taken to the West Chester jail to prevent any attempts at rescue.

MYSTERIOUS DEATH OF JNO. A. LONG

FOUND IN SEMI-CONSCIOUS CONDITION NEAR THE FULTON SCHOOL HOUSE.

Died at Hospital Without Regaining Consciousness or Explaining His Condition—May be Suicide.

Considerable mystery surrounds the death of John A. Long, a well known resident of this city, which occurred at the City Hospital at an early hour Wednesday morning.

Mr. Long, who has been following the occupation of junk dealer for some time past, collecting rags, iron, etc., throughout the county, made his home with his sister, Miss Libbie Long, 343 German street.

Tuesday he started out on a trip, and the last that was seen of him was Tuesday night, when parties met and talked to him in the vicinity of the Fulton School House, several miles southwest of the city, on the suburban railroad.

Shortly before six o'clock Wednesday morning Mr. Baker, the well known blacksmith, who has a shop at the school house, found Mr. Long lying on the ground, near the Armstrong bridge, suffering intensely from spasms, with his clothes very wet, and from appearances had been in the water. Mr. Baker immediately telephoned for Bowers' ambulance, which made a hurry run to the scene and removed the man to the City Hospital.

Dr. S. D. McClure, who was in the West End, was notified of Mr. Long's condition, and hurried to the hospital, where he found the man unconscious. The doctor did all he possibly could for the patient, but he died in half an hour.

Dr. McClure is of the opinion that Mr. Long's death was caused from the effects of carbolic acid, although this is denied by the head nurse at the hospital, who informed an Advocate reporter that she has had to do with many carbolic cases, and that Mr. Long showed no indication of having taken the poison. Dr. McClure says that the theory that he swallowed carbolic acid is borne out by the fact that his lips were burned and that a small bottle that had contained the poison, was found on the ground near where Mr. Long was lying.

The deceased was a son of the late Peter Long, a former prominent business man of Newark, was aged 58 years, and was well known by nearly everyone in the city.

At this time it is not known when the funeral will be held.

BLACK RUN.

Quarterly meeting will be held at Pleasant Valley M. E. church Saturday, August 19.

Mrs. J. A. Moore was a Krazyshurg caller Friday.

Mr. Marion Dunn and family spent Sunday at the home of C. A. Weekly.

Mrs. James McQueen and daughter of Columbus are visiting friends here for a few days.

Mr. Fred Cullison of Newark is spending the week at his farm here.

Mr. Willis Scott spent Saturday night and Sunday with Howard Priest.

Mrs. George Iden of Fallsburg and Mrs. H. W. Priest and daughter Cora spent Monday with Mrs. Willis Priest.

Miss Mable Barcroft is on the sick list.

Mrs. J. D. Priest and children spent Wednesday at the home of George Iden of Fallsburg.

Mrs. Granville Thompson and children visited K. A. Barcroft and family Wednesday.

Mrs. H. W. Priest and daughter Cora called on Mrs. Huff Wednesday afternoon.

Miss Ella Iden spent Monday at the home of G. W. Priest.

The chief function of the United States commissioner of education is to collect statistics and to disseminate information.

Daddy's Bedtime Story

All Miss Judy Elephant Wanted Was a Shoe Shine

"If this was a story about a Punch instead of a Judy it would be twice as interesting," began daddy as the youngsters curled up in their cool cribs to hear the story that was to send them to Dreamland.

"Oh, daddy, how could that be?" protested Evelyn. "You have always insisted that girls were nicer than boys."

"My gracious," said daddy: "I insist upon that still, but you see the whole question is over a shoe shine."

"All nice boys keep their shoes shined," observed Jack.

"And girls should, too," said Evelyn, "but I'm sorry to say most of them don't. But I am not one of the most of them, daddy. I shine mine every morning."

"Well, then, I'll tell the story," said daddy. "but after all this talk I'm obliged to confess that the girl in question is only a girl elephant."

"Fine," said both children. "Go ahead, daddy."

"I'm talking about the best natured of all the animals in the great exhibitions at Coney Island, New York," began daddy.

"She carries more children on her back during the season than the average trolley company carries in a year, and her constant tramping up and down the board walks puts aching corns on her big, soft, spready feet."

"Well, Judy's owners couldn't stand that, so they had her shod, the first time since the world began that a blacksmith and a shoemaker ever worked for an elephant. Then they called in a corn doctor, and after he had fixed her poor feet they had four shoes of steel and leather prepared for her."

"And they fitted splendidly. Judy swung along with her big loads for the next week without a whimper, but on the following Sunday morning Mr. Thompson saw her observing her shoes with a real tear streaming from each eye."

"She had been all oiled up and polished for the Sunday crowd, but her new shoes looked very dusty, and Mr. Thompson caught at the difficulty in a second."

"Why, she hasn't had her shoes shined!" he exclaimed. "Bring a boot-black here this minute!"

"And Judy was the proudest person at Coney Island all that day. The way she kept her boots out of the sand and dust was the funniest thing ever, and the children who saw her screamed with delight. Now she will have a shoe shine every morning."

IN PARAGRAPHS

MASONIC CALENDAR.

Condition of Charles Davis.
Charles Davis, who was shot by George Davis last Wednesday, is slowly improving each day at the city hospital, according to Dr. W. H. Knauss, the attending physician.

Fifth Street Baptist Church.
The subject for the prayer meeting tonight will be "The Inscription on the Cross." There will be baptism at this service, and every one is invited to be present. Service begins at 7:15.

Mrs. Maurath's Condition.
Mrs. E. J. Maurath of Granville street, who underwent an operation at Mt. Carmel Hospital, Columbus, Tuesday morning, is reported as getting along as well as could be expected. Mr. Maurath returned to the city last evening.

Joint Reunion.
Tomorrow three famous regiments will hold a joint reunion in the twin cities, Ulrichville and Denison. The regiments are the 30th, 98th and 196th. Ask either of these which knocked the war in the head and they will answer pretty quick. A number of Newark men served in one or the other of these regiments.

Police Court.
A continuance of Monday night's fighting gave the police court plenty of work this morning. Two of the offenders were fined. One Roberts, colored, from Detroit, was brought up for train-riding. One drunk was fined for indecent conduct in the Arcade and another suffered for resistance.

ALWAYS FAILS.
The tragic end of many an innocent young woman can be directly traced to her foolish notion that she could reform and save a drunkard by marrying him. Many a young girl is fool enough to believe that her influence over some young prodigal is strong enough to clean up his life and make a man of him. I have been looking a long time at that sort of an experiment and have it to record that invariably the man is not any the better for the marriage, while the woman quickly becomes a physical wreck and is either a broken hearted wife or sinks supinely to the level of the man. It is a crime for a pure girl to marry a dissolute man. The average good is always greatly lowered by any commingling of good and evil companionships. One drop of ink will be prominent in a whole glass of pure water. In youth when goodness and badness mix it is always the badness which dominates.—Rev. C. B. Mitchell.

ABE MARTIN SAYS:

Mr. Robert Follard and Jerry Baker are in Mt. Clemens, Mich., taking in the sights. They had the pleasure of seeing the bloomer girls play ball Monday. Jerry was a great roper for the bloomers.

Mrs. George A. Henry of Columbus returned to her home after a two-weeks' visit with her mother, Mrs. P. H. Brown of North Fourth street. Miss Charlotte Andrews accompanied Mrs. Henry to her home.

Earl Jones, traveling salesman for Johnson & Johnson, with headquarters in New Brunswick, N. J., is spending his vacation with his parents, Mr. and Mrs. Robert Jones at their home north of the city.

Miss Bernice Coffman of Houston, Texas, will spend Friday with her cousin, Miss Neva Moore, of East Church street. Miss Coffman is en route to her home from New York, where she went by boat from New Orleans.

Use Green Death liberally and you will not be bothered with bed bugs and roaches. It is safe, it is easy to use. Pint, patented squirt top cans 25c., at any drug store. mwf3t

It is stated that four Americans are to be engaged at once as agricultural experiment experts by the government of the "three eastern provinces of China."

Chambermaid at Warden Hotel. Apply at once. 14d3t

COMPROMISE STATEHOOD BILL BEING SOUGHT

Washington, D. C., Aug. 16.—The house committee on territories today appointed a sub-committee of five to confer with the senate committee on territories on the New Mexico and Arizona situation with a view to writing a compromise measure which could be adopted by both houses and signed by President Taft.

The sentiment of the majority of the members of the house committee favored passing the present measure with the recall of judges included, over the presidential veto, but wishing to secure Arizona and New Mexico statehood at the present session it was finally decided to ask for a conference looking for a compromise.

SENATOR STEPHENSON INVESTIGATION

Washington, D. C., Aug. 16.—The sub-committee to investigate the election of Senator Stephenson of Wisconsin was today announced by Chairman Dillingham, rep., of Vermont, of the committee on privileges and elections. Senator Pomerene of Ohio, dem., was one of the five men named to conduct the investigation.

STATE BUYS CRANE ISLAND

Will Make Public Park of Pretty Buckeye Lake Island—\$2500 to Be Expended.

As will be noticed in the transfers of real estate published in the Advocate, Crane Island, in Buckeye Lake, has been transferred by the Ohio Electric Railway company to the State of Ohio. It is interesting to note that the Board of Public Works and the chief engineer of the Public Works of Ohio, at a recent meeting, discussed plans for the improvement of the island. The sum of \$2500 was set aside and appropriated for the improvement of the island as a public park, open for the use of the public, by the construction of such concrete retaining walls as are necessary to protect and beautify the same, and the filling back of such walls as will bring the surface to the proper grade.

Some fellows seem to think they can't have any fun without a headache afterward.

The reports from the different Sunday schools were very encouraging.

Judge Tells Why Men Go Bankrupt

"After all, it is not strange," says a Judge who presides in many bankruptcy cases, "that the ordinary type of bankrupt exhibits in his face and general condition a woeful lack of strength and mental concentration. I believe the cause of their failure is lack of that vitality and combative nerve-strength so absolutely necessary to keep a man up and going. Nerves are all that make you, whether you are a man, woman or child. The most powerful nerve vitalizer and blood purifier is without doubt Make-Man Tablets. They are wonder-workers and absolutely safe for the blood and nerve-wrecked men, women and children. Trial treatment sent free on request by Make-Man Tablet Co., Dept. 12, Chicago.

Judge Tells Why Men Go Bankrupt

"If you feel 'all in,' are despondent, nervous, can't sleep, get dizzy or have Trouble, or Rheumatism, it's Make-Man Tablets you need. Sold at 50c. and recommended by Evans Drug Store, Warden Hotel Block, 12, Chicago.

Judge Tells Why Men Go Bankrupt

MRS. CHASE IS NEW MEMBER OF BD. OF VISITORS

Mrs. Ida M. Chase of East Main street has been appointed a member of the County Board of Visitors by Probate Judge Robbins Hunter, Mrs. L. P. Sisson, formerly president of the board, having moved away from the city. C. L. V. Holtz, who was vice president, is now acting as president, and when interviewed Tuesday afternoon he stated that there would be a called meeting of the board next week for the election of officers.

The members of the board, besides Mrs. Chase and Mr. Holtz are Mrs. F. W. Seymour, Mrs. J. B. Jones and T. B. Fulton.

Once each quarter the board is to visit the Children's Home, the County Infirmary and the county and city prisons, besides attending probate court and the hearing of juvenile cases. In addition to these, a yearly visit is to be made to the Boys' Industrial School at Lancaster and the Girls' Industrial School at Delaware.

AIR MEN

(Continued from Page 1.)

Through his friendship with Louis Strang Badger met Captain Baldwin. He bought an aeroplane outright and received his first flying lessons at Mineola, N. Y. On June 15 he made a successful flight and was granted a pilot's license. Following this he made further flights and his aviation enthusiasm grew. He practiced with J. C. (Bud) Mars and decided to enter the meet here with Mars, although his entries were controlled by Capt. Baldwin. He had planned to finish the meet here and then take the train to Wheeling, whence he wanted to make a triumphant flight into his home, Pittsburg. He was entered at a coming meet at Boston.

Captain Baldwin, after the accident, at once withdrew all his machines from the meet. Badger's mother died recently, and so far as is known his father, Mr. Goettman, is his only survivor. Johnstone's accident was due, according to experts to similar unexpected flaws in the mechanism of his monoplane. Just what is was probably will never be known, as the engine is deep in the lake and the wood and canvas of the plane were broken and scattered by the impact with the surface of the water.

Wife Sees Johnstone Fall. Johnstone's fall was witnessed by his young wife, although it was not until half an hour later that she was informed of his death.

As the monoplane faltered in mid-air then crashed downward to the surface of the lake, the young aviator's wife, who had been following his flight closely, grasped a mechanic's arm and exclaimed in fear: "Oh, oh, pity, he's falling. My boy will be killed."

Wives of a half dozen other aviators, whose attention had been riveted on the plunging machine that was to carry the second victim of the day to his death, rushed to Mrs. Johnstone's side and as the machine hurtled into the lake and out of sight, they tried to assure her that Johnstone would suffer nothing worse than a ducking.

"Possibly not," exclaimed the fear-stricken wife, "but you could see the way the machine plunged that St. Croix had completely lost control of it. Oh, why don't they hurry up and get out to them. Some of you men must take me to a boat, so I can get out and help him."

But by this time half a dozen mechanics and hangar attendants had rushed up to the group.

Lays Out Apparel for Him. They whispered to the women surrounding Mrs. Johnstone that she must be taken back to her apartments in a Michigan avenue hotel. For several minutes Mrs. Johnstone pleaded to be allowed to cross the field and out to the lake where her husband's machine had plunged. Then another mechanic rushed up to the group and assured Mrs. Johnstone that her husband had been plucked out of the lake unharmed; that a boat was bringing him ashore.

Reassured by this information, which had been deliberately invented to calm the fears of the aviator's wife, she went back to her hotel and hurriedly laid out dry apparel for her husband. For half an hour and more she waited, then a member of the Johnstone family took her word

of the aviator's death. The young wife was prostrated.

Twenty minutes before the break in the monoplane's warping strand—the accident that sent young Johnstone careening into the lake—his father, Dr. Stuart Johnstone of Mrs. Johnstone, stood in front of the Moisant hangar with St. Croix's wife, watching the aviator in what they thought would be the last few minutes of the flight. He had started from the field at 3:15 and had sufficient petrol to keep him in the air until 6:30.

THOUSANDS WATCH FLIGHT OF ATWOOD

COVERS 101 MILES BETWEEN
CHICAGO AND ELKHART IN
FAST TIME.

Flight Promises to Be Greatest Long
Distance Effort on Record. In
Toledo Today.

Pettisville, O., Aug. 16.—Harry N. Atwood, the Boston aviator, descended here at 10:12 this morning. Since he left St. Louis he has been in the air 11 hours and 20 minutes and has covered 482 miles. He was in the air two hours and six minutes after leaving Elkhart, Ind., and at his first stop here had covered 96 miles of the third leg of his trip to New York. He stated that he expected to go up again between 3 and 4 o'clock today but that he would make no stop at Toledo unless compelled, because of trouble with his engine. He said he did not expect to land until reaching Sandusky. Eastward from Elkhart the flight was continuous sensation. Standing massed in groups along the route thousands of persons watched the flight, from the moment the aeroplane was a mere spot in the sky until it had disappeared in the east.

Elkhart, Ind., Aug. 16.—With the promise of fine weather for the third leg of his flight from St. Louis to New York City, Harry N. Atwood got away from here at 8:06 this morning. He calculated to make his first stop at Toledo and after a short rest start for Sandusky, where he will spend the night.

Elkhart, Ind., Aug. 16.—Skimming over the southwest corner of Lake Michigan and then over the Sand Hills of Northern Indiana, Harry N. Atwood of Boston in his aeroplane yesterday afternoon flew 101 miles from Chicago in two hours and 16 minutes without stop, thus completing 337 miles of his 1640-mile cross-country flight from St. Louis to New York and Boston.

Atwood made the 101 miles from Chicago in just 21 minutes more than the time of the fastest train service in the United States, which covers the distance between Chicago and Elkhart in one hour and 55 minutes.

The Boston aviator, arising in his Burgess-wright biplane, on the lake front in Chicago, circled over the thousands gathered there at the aviation meet and at 3:31 shot on his 5:47, calmly settling down into a hay journey eastward. He arrived here at field.

His highest altitude yesterday was 2,000 feet, reached over South Bend, but generally he kept low in order to follow the Lake Shore railroad tracks, which fixed his course.

It was while he was out on Lake Michigan, viewed by thousands of people lined up along the shore and sometimes hailed by the whistles of distant tugs, that Atwood made his most spectacular appearance.

Once away from Chicago he hit up a high speed against a head-on wind and cut across the corner of the lake to save a few extra miles, which he would have had to make had he remained over land all the way. As it sped on, the white wings of his machine shimmering in the late afternoon sun, the air craft was everywhere visible from shore and boats away in the distance. Several times sailboats in his course veered around and attempted to keep up a race with the man in the air, but they were soon lost in the rear. For half an hour Atwood sailed over the lake, keeping not more than 300 feet high at times, he said. To test the variations of the air currents, he swooped low enough as almost to be able to scoop up the water. Once over land again at a point near Pine, Ind., 23 miles from Chicago, he headed directly eastward.

Enthusiasm appeared to increase as he journeyed eastward. Telegraph and railroad telephone wires were kept busy with reports of his whereabouts. "Atwood at Rolling Prairie, 66 miles from Chicago at 5:01 p. m." came from one operator. This was followed by another with "Atwood at South Bend, 5:28, sailing high at about 60 miles an hour."

At Elkhart, where Atwood prepared to remain over night, all faces were turned west. The aviator was unable to locate grounds arranged for his reception, so he landed in the hay field, but later rose again and was received in the driving park.

So-called burglar proof glass, made in France, withstands revolver bullets and blows from a mallet.

ADMIRAL TOGO, THE JAPANESE SEA HERO, INSPECTING U. S. CADETS AT WEST POINT

ADMIRAL TOGO
REVIEWING CADETS

New York, Aug. 16.—Admiral Togo, the hero of the Japanese navy, now visiting this country, returned to this city after his visit to the United States Military academy, expressing great admiration for the nation's training school for its army officers. Togo after watching a parade of the cadets and inspecting them as they stood at "attention" was pronounced in his praises of them and of the system of which they are the product.

BOARD OF REVIEW CALLS ATTENTION TO A DECISION

Powers of Taxing Authorities—People Urged to Make Full Return of Property.

The Board of Review would respectfully call the attention of our manufacturers, merchants and the owners of moneys and credits to the decision announced by the supreme court of Ohio yesterday. Many have felt that the taxing authorities might, by some subterfuge, exceed the taxing limit laid down in the Smith 1 per cent law. This decision lays down the law that no taxing authority can exceed the maximum amount prescribed by the Smith 1 per cent law for such taxing authority.

The city of Cincinnati attempted to make a levy of 7 mills, whereas the Smith law fixes a maximum of 5 mills for municipal purposes. The Supreme Court holds that the city exceeded its authority and that in no event could the city levy more than 5 mills, except for sinking fund and interest purposes.

In view of the uncertainty as to what the taxing limit would be, at the time the assessors were doing the work, and the fear of some that the law would be evaded, we feel that some of our merchants, manufacturers and others have made only tentative valuations of their personal property. We therefore respectfully urge all such to revise such return and place all of such personal property on the tax duplicate at its true value in money, as required by law.

BOARD OF REVIEW.

DON'T ROCK THE BABIES; IT MAKES THEM NERVOUS

Chicago, Aug. 16.—Do not rock your baby.

This is the latest edict issued by the Chicago Health Department and it is to be communicated to mothers by the visiting nurses of the department.

The so-called "self-rocking" cradle is particularly under the ban. This cradle, which is a mechanical apparatus that runs by springs and is wound up like a clock, is said to be a cause of nervous diseases in young children, and in the opinion of the city's experts, is to be avoided as highly dangerous.

One official of the Health Department spoke of the clock work cradles as "the devil's own" contrivance.

TO TEACH KIDS TO TAKE CARE OF THE LITTLE ONES

Chicago, Aug. 16.—Three schools for "little mothers" are to be established by the Chicago Health Department to teach girls from 8 to 14 years old to properly care for babies. Relief for overworked mothers is the object sought by the health officials. Graduates from the schools will be assigned to duty in the tenement house district. Boys are not barred from the schools, and they are to be known as "little brother mothers."

Among the things to be taught at the schools are:

- How to bathe the baby.
- How to give it a drink without straining it.
- How to wash its eyes.
- How to put it to sleep without rocking it.
- How to carry the baby.
- How to dress it.
- How to amuse the baby and keep it from crying.

MAY INVESTIGATE HARVESTER TRUST

Washington, Aug. 16.—Another comprehensive congressional investigation, this time into the affairs of the National Harvester Co., will be under way during the next regular session of congress if a resolution introduced today by Representative Foster of Illinois is passed by the house. Mr. Foster suggests an investigation by a committee of nine members of the house, to be elected in the same way as the committees of inquiry into the so-called steel and sugar trusts.

Many questions would come within the scope of the inquiry it is said, among them would be whether the Harvester company has destroyed or restricted competition; whether it has increased the prices on farm implements or machinery and what has been its policy in obtaining control of the Key-Stone Manufacturing Co., the B. M. Osborne Harvester Co., and other independent concerns.

SECOND GUNNESS FARM LOCATED IN MICHIGAN TOWN

Tecumseh, Mich., Aug. 16.—The finding of pieces of human flesh in a filled-in well near here yesterday, revealed what the police describe was a double killing, rivaling in its horror the famous ones on the Belle Gunness farm at Laporte, Ind.

The bodies ultimately recovered are believed to be those of Mrs. S. E. E. Hesse and her daughter.

Following a fire in the Hesse home a year ago a relative caused the well to be filled in. Neighbors were unable to induce the police to investigate until yesterday. A well drill was put to work and after a few minutes' work brought up flesh.

A relative is being sought by the authorities.

TRAIN HITS AUTO TWO WERE KILLED

Youngstown, O., Aug. 16.—Two were killed and one injured when an automobile was struck by a Lake Erie, Alliance and Western train at Pritchards Crossing, near Newton Falls, yesterday afternoon.

The dead: Weiss Wagner, aged 56, Newton Falls. Fred Allen, aged 40, Newton Falls. Injured: L. J. Smith, Berlin Center, injured about the body.

The men had been at the crossing measuring lumber and had entered the machine, turning it around to return to Newton Falls. None of them noticed the approaching train until it was upon them.

YOUNG HUSBAND THRASHED AND THEN BLESSED BY DAD

O'Neill, Ga., Aug. 16.—After soundly thrashing W. C. Christmas, who eloped with and married his sixteen-year-old daughter Vera, W. Wells, a merchant of this place, gave the young couple his blessing and took them to his home.

Wells objected to the marriage because of his daughter's youth, and warned Christmas that he would whip him if he eloped with the girl. Despite the threat Christmas got the girl and took her to the home of Rev. B. S. Stewart, who married them.

Before the couple left the ministers' home the bride's father appeared and whipped the groom in the presence of the bride.

American intercollegiate football is an outgrowth of the Ruby Union game of England.

ZIONISTS MEET MOST IMPORTANT

Basle, Switzerland, Aug. 16.—Max Nordau, the eminent writer and student and one of the leading delegates to the Zionist congress, today declared the present meeting to be the most important in the history of Zionism.

"The enthusiasm of the younger generation is most encouraging," he said. "Everywhere we note a steady progress. In America, numerically and financially, we have made a wonderful gain. In Russia alone has our work declined. This has been on account of the government treatment of the Zionists as revolutionists and the confiscation of their funds."

A number of American delegates are making efforts to bring a future congress to that country.

WOMAN IN A TRANCE LOSES HER CANCER

Wilkes-Barre, Pa., Aug. 16.—While she was in a deep trance an operation was performed upon Mrs. Mary Kalinsky of this city for cancer of the stomach, no anesthetics being used, and it is reported at the Riverside hospital that it was successful and that her recovery is expected. She is still in a trance and is likely to remain in that condition for two weeks, judging by the duration of a previous trance, which lasted six weeks.

In A. L. Haulshiner of this city, who studied Mrs. Kalinsky's condition when she was previously in a trance, believed that the cancer could be removed with safety while she remained in that condition. The cancer was removed without arousing her, and since the operation her general condition has steadily improved.

FARMERS' TRAIN AT UTICA, AUG. 23

On August 21 to 23 a special seed train will be run over the Baltimore & Ohio railroad in Ohio, under the direction of the College of Agriculture, of the Ohio State University. During the three days, seventeen stops will be made for lectures on soil improvement, wheat culture and seed corn selection. The purpose of the train is to furnish grain growers of the state with the latest and most reliable information procurable with respect to the improvement of seed wheat and corn, and up-to-date cultural methods.

The lectures will be given on board the train which will consist of a number of coaches especially prepared for this purpose. The train will stop an hour and a half or more at each place and the time of arrival will be as follows:

Monday, August 21, 1911—Rittman, 8:25 a. m.; Creston, 10:10 a. m.; Lodi, 11:55 a. m.; Sullivan, 2:00 p. m.; Greenwich, 4:00 p. m.; night meeting at Sandusky.

Tuesday, Aug. 22, 1911—Monroeville, 7:20 a. m.; Plymouth, 9:45 a. m.; Shelby, 11:30 a. m.; Mansfield, 1:50 p. m.; Lexington, 4:25 p. m.; night meeting at Bellville.

Wednesday, Aug. 23, 1911—Fredrick, 8:00 p. m.; Mt. Vernon, 9:35 a. m.; Utica, 12:15 p. m.; St. Louisville, 2:30 p. m.; Pataskala, 4:40 p. m.

The train is furnished and operated by the Baltimore & Ohio railway Co., and the lecturers and demonstration material are furnished by the College of Agriculture and the Ohio Experiment Station. A. B. Graham, superintendent of Agricultural Extension and officials of the railroad will be in charge. It is hoped that every one who can will meet the train and hear the lectures.

Any Recipe

You will be able to make many delicious things which you thought beyond you, if you use

Marvel Flour

which brings success every time, either in fancy or plain baking.

You can make light, healthful pies, bread, hot buns, coffee cake, jelly rolls, cookies, etc., every time you try.

Marvel Flour is the best flour milled, full of the nutrition of the wheat and goes further than any other kind.

Buy it next time; and your family will eat more bread, cake, pastry, etc., instead of heavy meats, and with greater benefit to their digestion, and greater economy to your housekeeping expense.

To The Women

Some women are just a trifle timid about going to a bank to transact business. And why? Simply because they are not familiar with the rules of banking. This shouldn't be so, and, indeed, this isn't so with those who come to this bank, for we aim to make every transaction so clear and so plain, that dealing with a bank soon becomes to them an easy habit.

We appreciate the patronage of women. Their business with us is already large and steadily increasing. If you are not now a patron, then please consider this an invitation to become one.
